Conference Closing

FOCUS THEME: SYSTEM AND PERSONALITY: INTERACTION FOR SUSTAINABLE DEVELOPMENT

The biennial Conference, held since 2019, is dedicated to the creative heritage of Alexander Bogdanov (Malinovsky), a prominent Russian natural scientist, economist, philosopher, scientific organiser, physician, science fiction writer and Bolshevik revolutionary who became the founder of Tektology (Universal Organisation Science) and precursor of modern systems approach.

The Conference will discuss A. A. Bogdanov's systemic ideas, their development in the social sciences, humanities, philosophy, and other fields of knowledge, as well as scientific and practical achievements in solving systemic problems of human and society.

The Conference is organised in Moscow, Russia by the Financial University under the Government of the Russian Federation, Faculty of Information Technologies and Big Data Analysis, Department “Modelling and Systems Analysis” together with the Central Economic and Mathematical Institute of the Russian Academy of Sciences and their partners.

The Conference will include plenary and sectional sessions, roundtables, and an international methodological discussion in English, “The Fourth Wave of Systems Thinking: From Problem-Based Specialisation to Universality.”
